

We had a super trip to St Asaph Cathedral with our friends from Ysgol Llicswm. The trip was part of our RVE curriculum and visiting a place of pilgrimage. The children took part in making a prayer bead bracelet, looking for certain items around the cathedral, finding special images in the stained glass windows, navigating through a labyrinth, looking at the statues, historic bibles, lecterns and the pulpit and then spending some time outside looking at the outside of the Cathedral. The children then learnt a new song with actions and we performed it together as a Federation.
