

Humanities – exploring human and physical features.

Celyn class have been learning about the **human and physical features of our local area, Wales and the wider world**. We explored our school surroundings and looked from the school grounds to identify different human and physical features around us. We then used our observations to help us locate these features on a map of Wales, as well as locating Caerwys, Welsh cities, landmarks and developing our map-reading skills and understanding of our local area and Wales.
